

Mandy's Tools > Manage Add-ons:

The screenshot shows the 'Manage Add-ons' interface for Mandy's account. On the left, there is a sidebar with sections: 'Actions' (Undo All, View Help), 'Marketplace' (Find more Add-ons), and 'Details' (This Add-on allows backward compatibility for current Swiftpage emarketing users that have an existing Swiftpage emarketing account). The main area is titled 'Manage Add-ons' and includes a message: 'Check an Add-on to enable it. You will need to restart Act! for changes to take effect.' Below this is a 'Show' dropdown set to 'All' and a table of installed add-ons.
